Targus

THZ044CA | Targus VuScape™ Cover & Stand for iPad®2

The Targus VuScape™ Cover/Stand for iPad 2 features a form-fitted design that holds the iPad in place and conveniently converts into a stand with three different viewing angles. The lowest angle is ideal for typing directly on the iPad screen. The Protective Cover/Stand is ultra-thin and lightweight, making it easy to carry inside of a backpack, briefcase or tote. The case also provides full access to all iPad functions so the iPad is fully operational without leaving the case. The soft interior lining adds color and protects the device against scratches. When not in use, the case conveniently snaps closed like a portfolio to protect the iPad screen. The Targus Protective Cover/Stand combines a sturdy viewing stand with an ultra-thin design for easy travel.

Designed specifically for the iPad® 2

Features a thin, lightweight design; form-fitted design protects the iPad and holds device in place during use

Hard-sided exterior and scratch-resistant interior provides quality protection for the iPad 2nd Generation
